ABOUT GIFTABLED FOUNDATION

GiftAble Foundation was formed in 2013 as a Public Charitable Trust. GiftAble is a thought that we all can live with dignity. People with Disability may not fit into typical societal norms or silos due to their physical limitation. However, that should not be considered a reason to portray them fit only for charity. They can and will contribute towards building a just, sensitive and healthy society. Let us start looking at their Abilities.

GiftAble strives to create an ecosystem of like-minded individuals and collectively build a disabled friendly society. We aim to empower individuals with disabilities across crucial aspects of their life, and have designed several services with this aim in mind.

From the desk of Trustee's

Prarthana Prateek Kaul
Co-Founder & Managing Trustee

GiftAble has always worked on the premise that collaboration and reaching out to larger community can create deeper impact rather than working in silo. This year was all about building associations that could be win-win for all the stakeholders.

As we continue to grow our goal to provide relevant skills to beneficiaries is critical for the upliftment of Persons with Disability. That said we have had multiple workshops including TTT on making of different products. Due to such engagements we could reach out to beneficiaries across country. Irrespective of disability whether physical or intellectual creation of self-employment always leads to cascading impact. It is not just Persons with Disability but even their care takers that start nurturing the thought of better life. In years to come GiftAble will conduct longer duration workshops in remotest areas of our country.

In over half a decade journey we have learnt and understood the larger challenges with respect to disability. Goal is to speed up the process of change and reach out to interiors of India. We at GiftAble believe that societal and financial issues associated with disability has to be dealt comprehensively. Hence we will continue to focus on Health, Education and Livelihood of Persons with Disability to bring change on the ground.

I on behalf of GiftAble Team thank all our volunteers and well wishers. We have just begun our journey and without your love and support we could not have achieved so much in such a short period of time.

Happy Inclusion!!

7th Year

As we step into 7th year, we as an organisation have learnt and matured in many ways in the journey to Inclusion. We have grown and started our new branch in IIM Calcutta Innovation Park, Joka, Kolkata to cater the Northeast region of India. With the experience over the years, we have taken up projects on Health, Livelihood, Education and have successfully implemented with more knowledge. This is possible with the support of all the NGOs, Corporates, and Volunteers who have believed in our vision from the start.

PROJECT: LIVELIHOOD

Swatantra - The Freedom

A program for skilling Persons with Disabilities and the underprivileged. Aim is to build long term varied skill sets of NGO partners so that they can tap into open market to sell their products. The main goal of this program is to enhance the quality of life of Persons with Disabilities and their caretakers through increased knowledge and skills but merely imparting literacy will not be sufficient. They need vocational training or skills as well to uplift their status. They should be able to stand on their feet and be an earning member of the family.

Banana Weaving Project

COIMBATORE

This Pilot Project was conducted in 2 Months identifying 2 Women and 1 Person with Hearing Impairment. This project covered a week of training on understanding the weaving machine and basic techniques of weaving.

Bag Production Unit

BAGALKOT

This Project started with identifying 18 Women with disability from rural Bagalkot, we set up the unit with high end machinery, conducted Train the trainer activity for a month and started the training for Women with Disabilities. This project covered all the basics on stitching of a bag, understanding the technicalities of the machine, knowledge on the quality maintenance and sourcing of materials.

Impact Stories

"Madhivanan a person with hearing impairment on the loom. Activity is being done slowly, as he is quite careful. He has never gone to school, and this was his first job. One could see the interest him completely indulged in the process of weaving" said trainer.

15 People with Disability has learnt the skill of bag stitching and they like to continue running the production unit by marketing and identifying new orders. GiftAble would be supporting the group empowering them further on business management skills and also providing them orders.

PROJECT: HEALTH

Early Intervention

Our Early Intervention Program that is dedicated to helping children between the ages of 0- 6 years who have a developmental delay in 5 core areas.

1. Cognitive Development
2. Physical Development
3. Communication Development
4. Social and emotional Development
5. Adaptive Development

Aim of this program is to promote age-appropriate development and growth of children with developmental delay.

Sparsha Special Academy Trust

Impact Report

| Particulars | No of Children |
|---|----------------|
| Total children identified | 148 |
| Number of children admissions to special schools | 7 |
| Children were provided Assistive devices | 21 |
| Wheel chair provided to disabled persons and children | 19 |
| Children were provided Assistive devices | 21 |
| Regular support through center and home visits | 60 |
| Helping children and parents to upload UDID cards | 22 |
| Children referred for corrective surgery | 2 |
| Screening of children in PHC at Koti topu | 500 |
| Training of Integrated Child Development Scheme (ICDS) teachers | 131 |
| Screening of children in ICDS center for identification | 4350 |

Tactile Library

GiftAble has set up its first tactile library in Pune, at Mamata Andh Anath Kalyan Kendra that supports students from rural Maharashtra who have come for further education. Amazing to inaugurate the library & play inclusive games. Educational Games made in support with Fujitsu & Intuit employees and a rack sponsored by Innerwheel club, Koramangala.

Students were super excited as they played chess before but were touching, feeling & playing ludo, rubik cubes, tic tac toes & sensory cards for the first time. They learnt it so fast & started winning games. Thank you volunteers who made this happen.

Volunteer Engagement

We need a massive number of volunteers to change the fortune of our country. From my experience of a decade and a half in the sector of working with thousands of volunteers, I have seen impact being created through volunteers each and every single day. It could be as simple as bringing a smile on someone's face to changing someone's life for good. Volunteers play a role of a Guide, Mentor, Friend, Guardian, Scribe, Dance partner, Child for an elderly at an old age home, a Counsellor or someone who is just there to listen. I have seen many volunteers who changed their profession after volunteering. In fact, half of team members at GiftAble family have once started their journey as a volunteer. More power to all the volunteers who are passionately devoting their time and utilising their skills in the best possible way.

Happy Volunteering and look forward to more and more people coming forward to volunteer.

Spreading Happiness

Started with introducing Daan Utsav, India's festival of Giving from 2nd to 8th October and also introducing Himanshu to kids and asking how they will return the happiness they will receive today. Himanshu, the Guinness Book and Limca Book record breaker, showcased his skills of spinning anything. Today this included balls, carrom board, chair, keyboards etc. Kids were super excited, happy and surprised too. He said "you may find happiness as soon as you achieve your goal, but don't stop there, give yourself a harder goal, achieve it and again move on with another tough one. That's how you grow."

Spreading Happiness

All volunteers and children learnt Origami of making birds using newspapers. This was Chaithra's contribution this Daan Utsav - Joy of Giving Week. All groups were involved in making their own birds.

Some 10 senior kids sat with Chaithra and learned how to make origami perfectly with color papers and how to stitch with beads and hang them too on sticks and then on walls.

We also had the Joy by teaching sign language and their role of giving back by learning and being inclusive. They learnt greetings and few words.

Wall of Hope

Team GiftAble fulfilled 100 wishes from boys and girls home. All the kids were very excited and happy seeing their wishes getting fulfilled. Thank you so much to all the donors. Special thanks to Objectwin and Gramener corporate, Pallavi and ICO Teens group Arnav, Aravind, Siddharth and Avi and their friends. It was great to know that teens are able to raise funds and fulfil wishes of some 40+ kids.

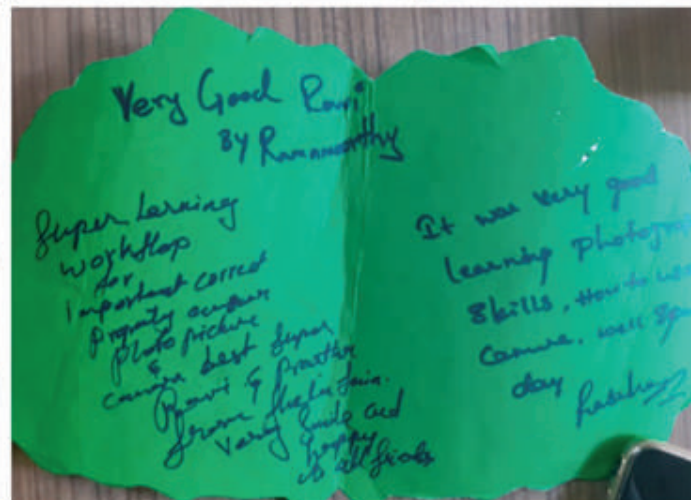

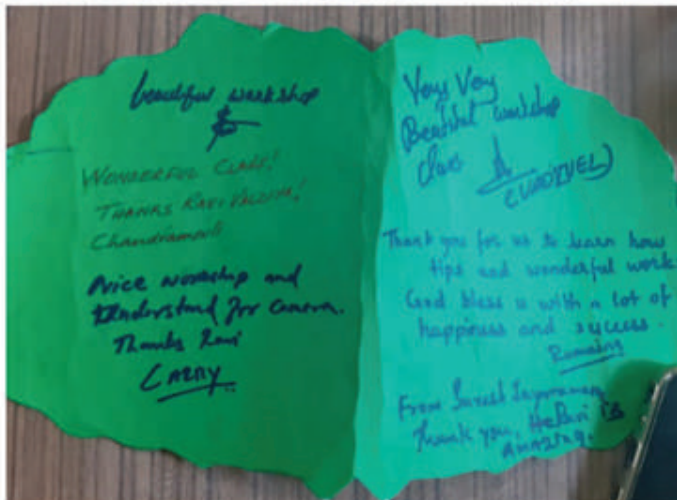

21 volunteers created impact with 80 kids from Kamayani School, Nigdi. We have done so many energisers throughout & children with special needs participated with 100% enthusiasm. Theme of the day was happiness & that reflected in their final outcome. Kamayani had been a great support.

GiftAble has done a quick disability awareness on how to support visually impaired and alphabets in sign language outside Pune University. A Total of 11 volunteers including 6 deaf volunteers sensitized around 80 people.

GiftAble conducted a Photography workshop which was attended by 10 deaf and 3 hearing. Everyone learnt nice tips and rules. One of the important lessons learnt is It's not how costly your camera is but how you improve your photography.

Volunteers had come together to paint 100 plus colourful Diyas at Divya Down's Development trust and made it successful.

May the glow from painted diyas, light the children's heart with joy and happiness.

Great time learning signs, signing names, sharing funny stories and the Elephant and the chain story by Chaithra with the moral of being non judgemental, positive and trying for the best.

And a moral of the story of Charlie Chaplin's, little Yetharesh from Need Base India shared it with all. Whatever be the issues in life, always be happy and spread happiness.

Kids from Need Base India learnt sign language a month ago during rakhi event and are today teaching volunteers and also spelling names... GiftAble is full of volunteers and kids doing a lot of activities.

30 volunteers from various corporates and non corporates, getting together and doing Grass cutting or as 'Shramadan' Col. Bhargava says with soothing flute played in background by a veteran on wheelchair and few tips on how to use equipments by other veteran on wheel chair. Amazing work done by Paraplegic Rehabilitation Centre, Asia's largest rehab centre taking care of soldiers who acquire disability while fighting for our country just to keep each one of us safe. PRC takes care of them from their admissions till their death. Every turn of the corridors of PRC had a story and a legend. All had goose bumps listening to 83 year young Jawan Bhopal Singh sir's poems for nation All volunteers learnt alphabets in Indian Sign language from our active volunteer Sagar.

GiftAble with the 50 leaders of tomorrow from class 7 to 9. All the students are qualified for a drawing exam but couldn't afford to buy a drawing kit. We have not just distributed kit but did many energisers and taught alphabets and few words in sign language.

The impact created was all 50 students have promised to spread sign language to 10 more kids each and in turn be a volunteer. Great way of beneficiaries becoming benefactors and agreeing to spread messages to 500. Thank you Jessica and the little one Ethen for volunteering and Vishal for arranging all kits.

13 enthusiastic Volunteers engaged in making CVS and taking mock interviews for Beneficiaries. Beneficiaries who didn't talk while they started mock interviews were confidently introducing themselves and while leaving they were playing inclusive games that GiftAble has gifted, tactile tic tac toes and Rubik cubes!

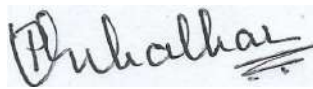

Lovely volunteers created an impact in the span of 2-3 hours at Samarthanam.
